Saurabh Kumar Srivastava Software Engineer

saurabh.srivastava1024@gmail.com | 6398760018 | Ghaziabad, India | Linkdin | Github

👤 Profile

Software Engineer with internship experience at IBM in AI Agent workflows and full-stack development. Skilled in Java, Spring Boot, React, and system design, with a passion for building scalable applications and AI-powered solutions. Strong team collaborator with proven problem-solving and communication skills.

💼 Professional Experience

AI Agent Architect Trainee   07/2025 – 08/2025 | New Delhi, India
IBM
- Built AI Agent workflows using LLMs, prompt engineering, and automation for real-world tasks.
- Developed mini-projects on AI-driven task automation and intelligent assistants.
- Gained hands-on experience in AI system design, model fine-tuning, and ethical AI practices.

Software Engineering Intern   06/2024 – 08/2024 | Gurugram, India
IBM
- Enhanced website performance by 20%, built reusable HTML/CSS/JS components, and optimized cross-browser UX.
- Resolved 15+ critical bugs, improving site stability, load times, and overall user experience.
- Contributed in Agile sprints and delivered technical presentations, strengthening teamwork and communication.

🎓 Education

Btech -Computer Science   08/2022 – 08/2026 | Gurugram, Haryana, India
St Andrews Institute Of Technology And Management

Senior Secondary (12th), CBSE   04/2021 – 05/2022 | Ghaziabad, India
Green land public school

Secondary (10th), CBSE   04/2019 – 05/2020 | Ghaziabad, India
Green land public school

🧠 Skills

Web Development & Frameworks
HTML, CSS, JavaScript, React.js, API Integration, Spring Boot, Spring Security, JWT

Testing & Development Tools
JUnit, Git, GitHub, Postman, Swagger

Programming Languages
Core Java, Python, JavaScript

Software Engineering Fundamentals
System Design (Basics), Data Structures & Algorithms (Java)

Databases & Storage
MySQL, MongoDb, PostgreSQL,Redis

🧠 Soft Skills

- Team collaboration
- Presentation skills
- Problem-solving

🪪 Certificates & Training

Software Engineering Job Simulation
JpMorgan Chase&Co.(Aug 2025)

Python programming
Great Learning(Dec 202)

Software Engineering Job Simulation
Accenture(July 2025)

Web Development
Coding blocks (Dec 2023)

Java
Knowledge Gate(Mar 2025)

📁 Projects

Personal Portfolio
Designed and deployed a responsive portfolio website using HTML, CSS, JavaScript, providing an interactive platform to showcase skills and projects.

Journal App
Built a Spring Boot journal application with user authentication, sentiment analysis, Redis caching, scheduled tasks, Google OAuth2, and weather API integration.

EventSphere
Built a secure, scalable event & ticketing platform with Spring Boot, MongoDB, JWT-auth, payments, and dynamic seat booking. Delivered real-time availability, personalized recommendations, and seamless end-to-end booking with a responsive UI.

⭐ Tools & IDES

Tools & IDES
VS Code, IDLE, IntelliJ IDEA
